Our serviced apartments within Canary Wharf are spacious and luxurious. Canary Wharf is London's modern major business district. It is situated only 15 minutes from Westminster using the Jubilee tube line and is also served by the DLR (light railway). The area is home to some of the world's biggest commerce, and the countries tallest buildings. It can be considered the Manhattan of London. The area is awash with eateries, shopping malls and entertainment. The first building was built in only 1990, and has rapidly become London's financial and high-end apartment hub.

The entire area is built around old London docklands meaning that there are numerous waterways winding through and around the various developments creating plenty of waterfront properties and venues. This is the modern lifestyle choice for London visitors.
